Osgoode Ward Open House Set For October 18

Winchester District Memorial Hospital is partnering with Ottawa City Councillor Doug Thompson to host an 'Osgoode Ward Open House' on Sunday, October 18. The purpose of the event is to show the new Winchester District Memorial Hospital to neighbours in the Osgoode Ward area.

"With our increased capacity as a result of our major construction project, we are offering more services in more areas," notes Trudy Reid, CEO. "Our goal is to provide care close to home for all of our surrounding communities."

WDMH already serves a large population in the Osgoode Ward area. In fact, Dr. Brian Devin, WDMH's Chief of Staff, is part of a group practice in Osgoode. "By increasing volumes, the hospital can maximize efficiency and grow its major programs in maternal/child care and surgery," explains Dr. Devin.

"We are very happy to be part of this Open House," adds Councillor Doug Thompson, Osgoode Ward. "Winchester District Memorial Hospital has all of the services that families in the Osgoode Ward need. We want families to continue driving the short distance south to Winchester as a viable option for health care."

The event will take place from 2 to 4 pm and will include tours of the new facility.
