## ROLES AND RESPONSIBILITIES

---

### PATIENT SAFETY

Every employee's responsibility is to ensure that the hospital's patient safety goal continues to be the centrepiece of our quality and risk management program and that every patient is treated within a safe environment. To ensure compliance with this goal, each employee must:

- Find, report, and prevent incidents/near misses or adverse effects
- Communicate/report areas of concern immediately to your Manager
- Complete a Near Miss Form or Incident Report to communicate or report incidents or near misses

### SUMMARY OF POSITION:

The Registered Practical Nurse (RPN) delivers care in accordance with current standards of practice of the College of Nurses of Ontario. The incumbent functions within policies and practices of this institution and is accountable for their own actions. The Registered Practical Nurse is a team member who delivers care to assigned patients on the basis of their knowledge, skills and judgment required for safe and effective care.

## NATURE AND SCOPE OF WORK

---

- Applies, in an effective manner, the nursing process in delivery of care
- Collaborates with the multidisciplinary team to ensure a patient care plan is developed
- Provides nursing care to patients where condition is stable, with predictable outcomes, and will collaborate with the Registered Nurse in patient situations which are beyond the RPN's scope of practice
- Works collaboratively with other health care team members to ensure effective coordination, implementation, and evaluation of the plan of care

- Communicates relevant clinical information to appropriate members of the multidisciplinary care team, in a timely fashion
- Documents care, and patient information in the Clinical Record as directed by hospital policy and procedure
- Contributes to the ongoing assessment of the health needs of the patient
- Provides health teaching to patients and their families. Assist with inter-hospital transfer of patients
- Participates on various hospital committees and supports quality improvement processes
- Attends unit staff meetings as often as possible and read circulated documentation/minutes to remain abreast of changes and Hospital activities
- Ensures that his/her knowledge and competency remain current by participating in continuing education activities
- Practices within their scope of practice, as per the policies of WDMH and the College of Nurses of Ontario (CNO)
- Assists in the orientation of new employees to the nursing unit
- Participates in the education of students obtaining clinical experience as WDMH
- Utilizes material resources such as supplies and equipment in a safe, cost effective manner to provide quality nursing care, and is cognizant of budgetary constraints
