A Friendly Christmas Reminder for Families

As the Christmas season approaches, many families begin selecting gifts for their loved ones. We kindly ask that any new clothing items be brought to the home for labelling before being wrapped and gifted. This helps ensure those special items stay with their owner and don't become misplaced.

When choosing gifts, consider items that bring comfort, encourage engagement, spark memories, or simply make your loved one smile. Often, the most meaningful gifts are not the most expensive, but the ones that help residents feel connected to family, traditions, and the things they love.

If you have questions about clothing labelling or whether an item is suitable for the home, please reach out to our team. Most importantly, your time, visits, phone calls, letters, and shared memories remain some of the greatest gifts you can give.
